

# Set a web site as your home page in Firefox

1. Open Firefox. Open the web site you want to set as your home page.
2. Click the icon to the left of the web address, drag it to the Home button, and release. The Home button looks like a little house.

3. Click Yes to set this as your home page.

**Try it out:** Click the Home button and your new home page will load in the current tab.
