

# VLC Media Player Instructions

All school computers have VLC Media player. It can be used to play DVDs, movie files, and music.

## If you do not have a shortcut on your desktop:

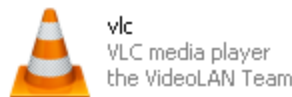

- Go to My Computer. Open up the C: drive. Locate the folder called "dcsd"

- Open the **dcsd** folder and... and open **VLC**.

- Double click the VLC Player icon

- When VLC opens, select the source of your media. If it's a DVD, choose the disk in your computer's DVD drive.
